

Urgent Message

To combat the coronavirus attack and to curb its spread, you all are **requested to ensure cleanliness and sanitization of your respective offices and households including yourselves.** Raising awareness among those you are in touch with can also be vital to containing the on-going global pandemic caused by the novel virus.

Please stay cool and calm avoiding rushes and panic amid deliberately distancing yourself from people coming from abroad including their family members. Please control crowding by purposeless people at your branch.

May the Almighty keep us safe.

Md. Abdus Salam Azad
CEO and MD
